

Do you want to treat your class to a special event?

Storytelling sessions can suit many occasions.

Be it the Children's Book Festival, Halloween, the Christmas-Season or an anniversary you want to celebrate ...

Every time and every occasion has its stories.

The length of story-sessions can be adjusted to suit your event and schedule.

You can book one session or several sessions per day (early booking recommended).

Here is a selection of programs you can chose from:

## Tales from the Fairy Tale Road

There is a road that runs though Germany and connects the castle of Sleeping Beauty with the hills Snow White had to cross to get to the seven dwarfs. It is a road many have travelled and many tales where told here. This is an interactive storytelling session with tales of the Brothers Grimm and news from the best liar in the world, Baron Münchhausen, who lived next to Snow White, the Pied Piper and Sleeping Beauty and knew them all (or so he says).

## Gruesome Ghost Stories

This is a collection of funny and scary stories that will make the listener want to laugh and shiver at the same time. The stories are suitable for both younger and older listeners.

## Waiting for Christmas

Over a 100 years ago an inventive mother from Germany came up with the idea of an advent calendar to help her children shorten the time until Christmas.

She drew a big picture with 24 hidden doors and windows in it. Hidden behind each door or window was another small picture. The children were allowed to open one window every day until Christmas.

Story Gate's advent calendar has a story for each day. Here you can find Christmas tales that warm your heart and poems and songs that will shorten the time until Christmas.
